

ENERGY HEALING INSTITUTE
Education for The Consciously Curious

**Evolving the Etheric Body: Supporting physical healing
PRACTICUM REVIEW PROCESS**

To complete your Practicum please ensure that you have included all of the items on the checklist in your uploads to the learning system, and your video link in your email to EHI. The correct email address to submit your video link is: etheric@energyhealinginstitute.org.

Incomplete submissions will be returned to you without review. We will begin review of your Practicum only when it is submitted fully completed.

Upon receipt of your completed Practicum submission, EHI will review the materials within 5 business days and email you a feedback report for your review. EHI will maintain the Practicum Feedback Reports for the life of the program.

We may maintain copies of Practicum materials submitted as part of our ongoing commitment to quality improvements to the program. Once we've made a decision to change program content based on what we've learned from your Practicum materials, we will delete them.

Should there be major concerns about your internalization of the materials based on the Practicum submission, EHI will provide you with specific requirements to complete and re-submit before you can move ahead to completing the Remote Sessions Lessons and Practicum. We are committed to efficacious practice in accordance with EHI's Guidelines for Intentional Practice.

The checklist on the following page will help ensure that you complete, upload and email all Practicum materials in accordance with their completion requirements.

Congratulations on being ready to complete the program! It's an incredible achievement!
