## Infusing Etheric Aura

# Infusing Etheric Aura

Reaching outside of your field, gather a ball of Prana into your hands.

Hold the energy in your hands until you can feel it resonating and vibrating comfortably.

Bring your hands directly above the surface of the client's thigh, maintaining connection to the stream of Prana.

Turn your hands down to face the surface of the thigh to begin infusing the Etheric aura.

Maintain the same horizontal plane to ensure that the Prana is delivered into the Etheric aura. Slowly move your hands apart and back together to support the distribution of the energy flow.
